— OIL BURNER SERVICE CONTRACT —

We agree to service the oil burner of _____

at _____
Street Address

City State Zip

for the period of one year from _____ to _____

and automatically renewed thereafter on anniversary date unless cancelled previously by either party giving thirty days notice,

for the sum of _____.

We reserve the right to inspect and approve the equipment covered before accepting the Service Contract. Repairs required to place the burner in acceptable condition are not covered by the annual charge.

The Service Contract includes only repair and replacement of parts specifically listed herein which are defective due to ordinary wear, namely: *oil burner motor, transformer, coupling, pump, fan, electrodes, insulators, lead wires, nozzles, strainers, oil filter cartridge, circulator relay, limit controls, stack relays, draft regulator, warm air control, one thermostat, warm air fan, motor and assembly, circulator or motor, 275 gallon fuel oil storage tank (\$50.00 maximum allowance), and combustion chamber.* We are not responsible for replacement parts that are obsolete or unobtainable. Customer agrees to purchase entire fuel oil requirements from us. Otherwise this Contract is cancelled and no refund will be made.

This Contract does NOT cover any zone valves, automatic feeders, defects in boiler, radiators or piping system, pressure relief valves, ductwork, domestic hot water equipment or other accessories which are part of the heating plant. We shall not be obligated to supply parts or render services necessitated by acts of God, fire, water, boiler failure, failure to set thermostat, failure of electricity or failure of low water cut-off or automatic feeder.

This Service Contract includes annual cleaning and check-up of oil burner and furnace.
